Please return this form to Cirencester Twinning Association, c/o Whiteway Farmhouse,
The Whiteway, Cirencester, Gloucestershire, GL7 7BA

CTA Objectives

- To foster and promote friendship, and maintain active links, between Cirencester and its twinned towns, currently Itzehoe in Germany and Saint Genis Laval in France.
- The Association is run in accordance with its constitution and an Annual General Meeting is held in June.
- The elected committee meet to organise social and fundraising events whilst liaising with Cirencester's twin counterparts to encourage links between individuals, families, clubs and schools.

Membership

- Membership is open to anyone interested in the twinning objectives, regardless of their language capability.
- The current annual membership is £8 for an individual and £15 for a family household. Family members are encouraged to include children of all ages in Association events where appropriate.

Membership Inclusions

- A regular newsletter offering members updates on past and future events, including any important decisions made by the committee
- Invites to all social and fundraising events held by the committee
- Opportunities for visiting and hosting members of our twinning Counterparts

The twinning association is not currently supported by council funding or regular corporate sponsorship and as such relies on membership support and fundraising events to ensure we can maintain our links whilst reciprocating their hospitality in twinning visits.
